THE GAME

Start by selecting one or two players on the Game Select Screen. The Player Select Screen lets you choose to be either Ricky or Mary. Once you've made your choice, the game begins.

There are seven rounds (each round is a different ship). Each ship holds 12 captives. After you've freed all the captives on one ship, the EXIT door opens to let you into the alien leader's room. Defeat the boss and its henchmen and you'll advance to the next ship for more exciting action.

OBJECT OF THE GAME/GAME DESCRIPTION: *The year is 2089 of the Galactic Calendar. In this far-flung future, humans have colonized the outer planets. Without warning, the glory of this achievement turned into disaster: A horrible race of aliens has imprisoned an entire colony aboard its space ships! Each of these vessels houses countless numbers of slimy monsters led by a vicious alien "boss." Having miraculously escaped capture, you must go from ship to ship in a valiant effort to save your fellow humans.*
